

2025 STEM YEA VOLUNTEER INFORMATION

STEM YEA VOLUNTEERS

The 2025 STEM YEA program will require adult volunteers to help supervise, monitor, guide, and assist STEM YEA students during their time at the Academy. The program will need volunteers throughout the 80-hour time frame of the Academy from **Thursday through Sunday evening (July 10th to July 13th)**, including daytime, evening, and overnight hours.

We need a few volunteers on Thursday to help get the students situated in their correct room assignments. Those volunteers should arrive at noon.

During the Academy sessions, volunteers will be with the students most of the day. Most of the volunteer contact will occur in group settings, but there may be times when a pair of STEM YEA volunteers needs to take/assist a student to go to another campus building or area for medical attention, to pick up an item that was forgotten/left behind at some location, or for some other reason.

Overnight volunteers will manage the students on the dormitory floors by monitoring the dormitory hallways overnight. (Overnight volunteers will be assigned a room).

In addition, **we will need volunteers to help with the final day's celebratory dinner event** (Sunday 3:00 PM to 8:00 PM). Volunteers will manage various stations on the college campus to direct students' parents, business sponsors, and guests to the parking lot and the event location and assist with setting up event decorations.

If you would like to volunteer, please open and complete the Volunteer Sign-Up form.

You will be fully supported and guided in your role.
