

## **STEM YEA Student Registration Process**

1. The registration process for STEM YEA student participants will be made through a local Rotary Club that has allocated funds for the STEM YEA tuition and appoints a STEM YEA Local Club Rep to coordinate STEM YEA registration.
2. The STEM YEA Local Club Rep will work with a middle school principal to identify interested students. The students, nominated by the middle school principal, will be current 7<sup>th</sup> grade students (2022-2023 school year). Students should be:
  - ✓ Motivated learners in the areas of Science, Technology, Engineering and Mathematics
  - ✓ Likely to succeed in an overnight (Thursday through Sunday) STEM hands on learning experience at Kutztown University
  - ✓ Unable to otherwise access STEM enrichment activities
3. The Local Club Rep will work with the parents/guardians and the middle school to assist in the completion of the registration forms and liability waiver. The parents/guardians will also obtain a completed 6<sup>th</sup> grade Health History Form or if that is not available, download and print the Health History Form referenced below and have it completed by your doctor. Either the 6<sup>th</sup> grade form or the Health History Form must be scanned and sent to [registration@stemyea.com](mailto:registration@stemyea.com)
4. Registration steps:
  - ✓ Click on the Student Registration Packet. Complete and submit the online form.
  - ✓ Download and print the Waivers document. Complete, sign and scan the document. Email the form to [registration@stemyea.com](mailto:registration@stemyea.com).
  - ✓ Complete a 6<sup>th</sup> grade health history form and submit to [registration@stemyea.com](mailto:registration@stemyea.com). If none is available click on <https://stemyea.com/forms/Physical-Exam-form.pdf>. Have the form completed and signed by a doctor. Scan and forward the completed form to [registration@stemyea.com](mailto:registration@stemyea.com).

Parents/Guardians must provide all medications required by students to the STEM YEA Nurse Practitioner at the start of the Academy on Thursday, July 6, 2023. All medications will be administered by the STEM YEA Nurse Practitioner during the STEM YEA Academy unless a self-carry order is produced.
